Swale Home Education has purchased a licence from Learning Cube to use their platform of online distant learning software.

Sessions will be recorded for safety, training and so the child can refer to the context.

The sessions will be 1:1 sessions with fully vetted qualified teachers.

Parents need to be present during the sessions as they would be if we attended the home address.

NSPCC have been consulted in regards to the child interaction on the line portal. Parental responsibility and awareness is key for the safety of the children. We advise a good parental firewall and supervision while a child is online.
